

# Sierra IL500

## Inclined Platform Lift

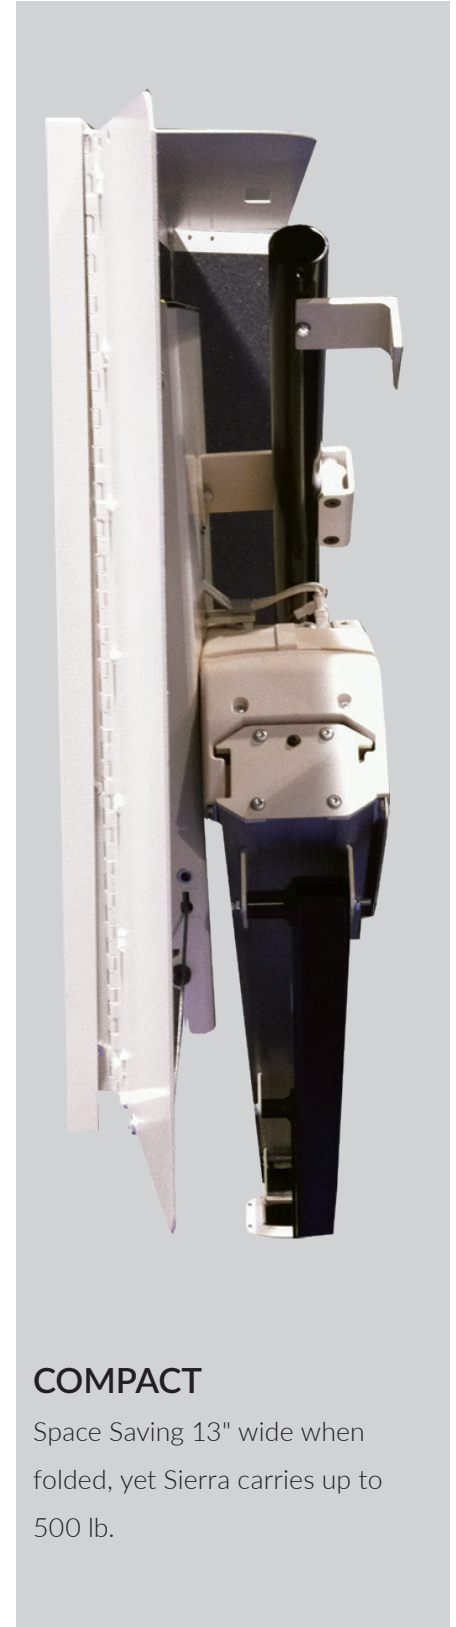

### Move Up with Your Wheelchair

The innovative Sierra IL500 is ideal for transporting a manual wheelchair up a straight stairway. Its 500 lb capacity will handle most wheelchairs up to 36" in length and offers an integrated seat option for use as a stair lift. Sierra does not require wall modifications, saving installation time and cost.

### Features + Benefits

- Easy Installation. Lightweight for one-person installation; no major load-bearing wall modifications needed
- Free-Standing Post Kit. Allows a wall-free installation, with the main carry load supported by step brackets (optional)
- Space Saving. Just 13" wide when folded
- Platform Options. 90°; 25" or 27.5" widths
- Residential Use Only

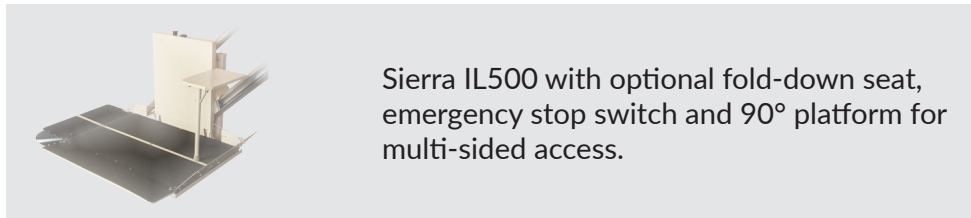

### COMPACT

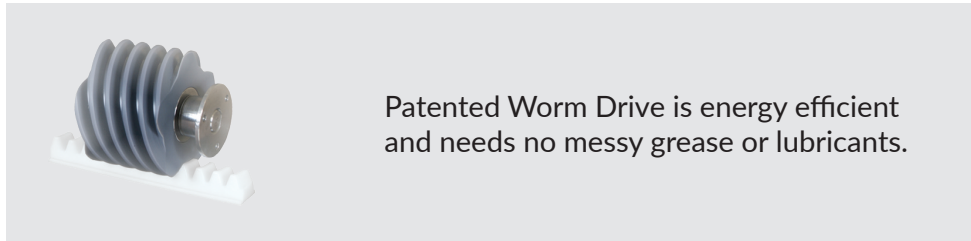

Space Saving 13" wide when folded, yet Sierra carries up to 500 lb.

# PREMIUM PERFORMANCE **YOU** DESERVE

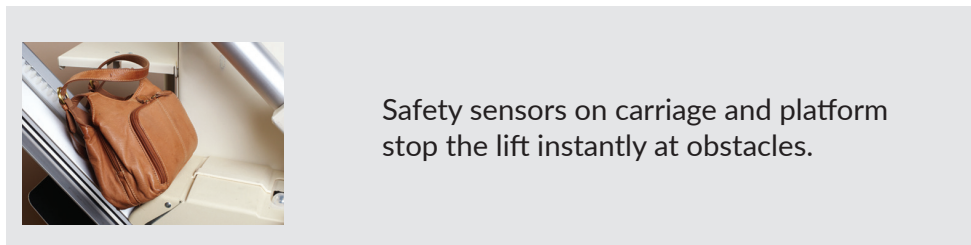

## Sierra IL500 Inclined Platform Lift

Sierra IL500 with optional fold-down seat, emergency stop switch and 90° platform for multi-sided access.

Patented Worm Drive is energy efficient and needs no messy grease or lubricants.

Safety sensors on carriage and platform stop the lift instantly at obstacles.

*My Sierra IL500 allows me to stay mobile in my own home. I feel so much safer now that I can take my manual wheelchair up the stairs.*
